Subject: Preliminary Summary of 2016 Local Jurisdiction APFO Reports for CY 2014-2015

Workgroup Participants: Frank Hertsch, Chair, Greg Bowen, Kevin Small, Eric Soter, David Dahlstrom.

The APFO Workgroup is charged with reviewing the reports of local jurisdictions on adequate public facilities development restrictions required by Land Use Article § 7-104 and assessing whether and to what extent adequate public facilities ordinances affect the achievement of the goals of the State economic growth, resource protection, and planning policy. There are 14 Counties and 25 municipalities that have adopted an APFO and are therefore required to submit a report every two years, if the APFO has resulted in restrictions within the Priority Funding Area.

As of November 10, 2016, nine Counties and two Municipalities have reported restrictions within their PFA. In September, the APFO Workgroup submitted a Preliminary Summary of the APFO reports received. Reports from Calvert County and Anne Arundel had not been submitted at that time. As of November 10, 2016, the Calvert County APFO report has been received but the APFO Report from Anne Arundel County has not been received. The APFO Workgroup will submit a final report once the Anne Arundel County data can be incorporated.
